Natural Resources Project Application

This application serves as a joint request for the following permits:

- 1) Forest Practices Application 2) Hydraulic Project Approval 3) Temporary Water Use

Instructions

The following information is required:

1. Fill out the application form completely, including signatures.
2. Hydraulic Project Approval permits require the HPA form and NRPA form
3. Provide a Base Map, that includes:
 - a. A legend for all map symbols.
 - b. Section, Township, Range lines and identifiers.
 - c. Topographic contours with elevation.
 - d. Waters & wetlands with water types identified.
 - e. Roads (showing locations of existing, proposed new, reconstruction (currently not drivable), closures, abandonment, and haul route from operation site to paved road system).
 - f. Sites where work is proposed in or across streams and wetlands, with identifiers that refer to information provided in the Water section of the application.
 - g. Operational units with identifiers that refer to units described in the Timber Harvest section of the application.
 - h. Landings, rock/borrow pits, spoil disposal sites, water withdrawal sites, alternative withdrawal points, water usage per site, advanced fire trail locations.

* Maps need to be of quality that when scanned they can be interpreted. Electronic copies of maps are preferred.

Please submit your completed application to Douglas Marconi, NPS Management Coordinator at the Environmental Trust Department, Building #2

Your application will be distributed to various Natural Resources and Planning programs during the review period, which can take several weeks. Each program will issue separate permits as needed.

Other permits may be required before your project starts, including:

BIA Cutting Permit	Contact	Forestry	509.634.2326
Revocable Road Use Permit		Realty	509.634.2346
